

## 1. Check requirements

Check and understand the joining and technical [requirements](#) to become an RE100 member.

## 3. Check eligibility

The team or partner will check that the company meets the [Joining Criteria](#) to be eligible to apply. Clarifying questions may be asked.

Estimated time: 2–3 weeks

## 5. Application review

The company's application will be assessed against the [Joining Criteria](#) and the team will carry out a due diligence process.

Estimated time: 2–3 weeks

## 7. Plan announcement

The date/time and communications of the company's joining announcement will be agreed with Climate Group.

## 2. Get in touch

If you feel the company meets the requirements, contact the [RE100 team](#) or your local [RE100 partner](#) to register the company's interest in becoming an RE100 member. Cover off any questions you may have.

## 4. Apply for RE100 membership

Once the company's eligibility has been established, you will need to fill in the [Joining Form](#) with the company's RE100 target.

## 6. Application decision

You will receive the application decision from the team. If accepted, the [Membership Agreement](#) needs to be signed, after which the company will be a member and will receive membership benefits.

## 8. New member announcement

The company can announce its RE100 membership through a press release and/or on social media. Climate Group will provide supporting materials and list the company as a member on the [RE100 website](#).
